Save the Date! Annual Meeting 2027

Hello, TSRT Members,

The society is always working behind the scenes to ensure that we are represented as a profession. During these initiatives we have been performing educational out reach to local representatives. These initiatives have been successful in establishing relationships as we head into the 2027 legislative year.

As always, it is important to keep a watchful eye on any legislation as it pertains to medical imaging and radiation therapy. Your vigilance is always appreciated.
